Welcome Message

Dear Delegates,

It is our proud privilege to welcome you in IMSCON - 2012 17th annual IMS conference at Faridabad which promises to be one of the best so far. We promise to give you updated management to menopause ill health, and do plan to give you insight on preventive measures. This year's meeting is an international forum of clinicians, scientists and researchers contributing to comprehensive menopause management.

The scientific committee has carefully chosen the scientific program in such a way that it will be focused and interactive. We offer you the opportunity to raise queries as well as to express your point of view. A special session will be organized in which you can contribute by giving your suggestions towards learning. This year we have introduced certain columns like e-meno, e-consult and e-gyno in IMS website for your participation. From this year onwards there will be two orations one from IMS faculty and another from foreign faculty.

IMS membership is rising and we invite those who are not yet IMS members, to become member & join IMS.

Your presence & participation in IMSCON - 2012 is essential for the success of congress. Visit, enjoy the warmth hospitality of Faridabad.

Enjoy the IMSCON -2012.
